RESPONSE TO RESTRICTION REQUIREMENT

Sir:

In response to the restriction requirement mailed March 6, 2003, Applicant elects for examination the invention of Group II, *i.e.*, claims 9-19.

The election is made without traverse. Because this requirement is never proper unless the restricted groups of claims are patentably distinct (*i.e.*, *inter alia*, non-obvious under 35 U.S.C Section 103) from the elected group of claims, the Examiner is requested to insure that such patentable distinctness is present before proceeding to make the requirement final.
